

Product guide

This is a guide that explains how the information on the accessory web is made up. This is to make it as easy as possible to obtain the information you want.

Abbreviations

AEM = Accessory electronic module
AT = Automatic transmission
AWD = All Wheel Drive
BLL = Deadlocks
Ch 12345 = To chassis no.
Ch 12345 = From chassis no.
ECC = Electronic climate control
FWD = Front Wheel Drive
IAM = Integrated Audio Module
ISO = Approved in accordance with ISO standard (Nordic)
LHD = Left hand drive
MT = Manual transmission
OSD = On screen display
RHD = Right hand drive
RSE = Rear Seat Entertainment
RTI = Road and Traffic Information system
TMC = Traffic message channel
TPMS = Tire Pressure Monitoring System
TRM = Trailer module
TÜV = Approved in accordance with TÜV standard (Germany)

Partner group & Country code:

Partner group is a collective name for a number of markets combined into one area.

AME = North America

EUR = Europe

INT = International Misc

NOR = Nordic Countries

Country codes for respective countries are given according to ISO 3166-1, e.g. SE for Sweden, DE for Germany and US for USA.

Product guide

1. The profile selected for the car is shown here. This is used to filter the information, so that only accessories that fit the selected profile are shown.
2. Title that indicates the designation of the accessory.
3. Operation number that refers to Volvo Standard Time Guide. This number indicates how long it takes to install the accessory. An Op. no. is not given for products that the customer installs themselves.
4. The accessory's part number and any criteria that apply to the respective accessory are shown here.
5. A positive symbol in front of the product means that it is a supplementary product. It is needed for a complete and fully functioning accessory.
6. Installation instructions that can be downloaded or opened in HTML or as PDF.
7. Note box containing important information, i.e. warnings, suggestions or special legal regulations.
8. Footnote with supplementary information.
9. Search box where it is possible to search for different accessories by entering a complete or partial title. The search is based on selected profile.

New Installation instruction web site

You can increase your search by adding vehicle information from the drop down lists regarding

1. Model year
2. Engine type
3. Transmission
4. Steering

New Installation instruction web site

The screenshot shows the Volvo website's installation instructions section. At the top, there are navigation tabs for 'COUNTRY & LANGUAGE', 'ACCESSORIES', and 'INSTALLATION INSTRUCTIONS'. Below these are model categories: 'CROSS COUNTRY' (XC60, XC70, XC90), 'ESTATES' (V50, V60, V70), 'SEDANS' (S40, S60, S80), 'COUPES' (C30, C70), and 'OTHER MODELS'. A 'FIND A DEALER' button is also present. The main content area is titled 'V60 2011 D5, Manual, R.H.D'. Below this is a 'SEARCH INSTALLATION INSTRUCTIONS' section with instructions on how to search. A search input field is labeled 'Part no. search' and a 'SEARCH' button is circled in red. Below the search field, the results are displayed under the heading 'Search results "V60 2011 D5, Manual, R.H.D + *"'. The results are in a table with columns: Designation, Car Variant, Instruction No, and Part.No. The first row is highlighted with a red box.

Designation	Car Variant	Instruction No	Part.No.
Alarm, Volvo Guard Alarm System	V60, 2011	30756418	31316254, 31316258
▶ Alarm, Volvo Guard Alarm System, movement sensor	V60, 2011	30756418	30660469

MORE INFORMATION

Tracker system based on Volvo on Call

If your S60 or V60 is equipped with Volvo on Call, you now have the opportunity to install this tracker system. The system makes it possible to track the car, should it be stolen for example.

MORE INFORMATION

Spare wheel kit

A spare wheel kit containing a spare wheel "Tempa spare", with tyre dimension 125/80 R17, a practical textile bag and straps for secure attachment in the luggage compartment.

MORE INFORMATION

HomeLink®

The HomeLink® system makes it possible to operate up to three remote controlled home appliances (garage door, home alarm system etc.) via a module which is integrated in the sun visor.

MORE INFORMATION

Towing rope

A very practical towing rope to have available with a towing capacity of 2500 kg (5500 lbs).

MORE INFORMATION

Jumper cables

If the battery in the car has been discharged then it is possible to "borrow" current from either a separate battery or a battery from another car. Always check that the clamps on the jumper cables are secured firmly so that sparks are not generated.
