Illustrations A and B

Pull the gear selector lever knob off the gear selector lever. It may be necessary to twist and turn the gear selector lever knob slightly to remove it.

Hint

Once the gear selector lever knob has been turned 45°, push it forwards and pull from the lug (1) on the gear selector lever. The lug (1) on the gear selector lever can only be inserted diagonally through the hole in the lower section (2) of the gear selector lever knob.
