Volvo Car Corporation Gothenburg, Sweden

## INTRODUCTION

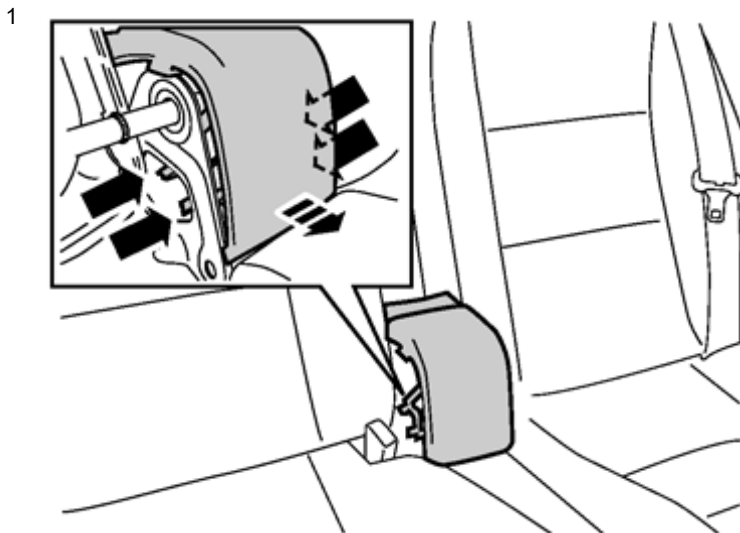

Read through all of the instructions before starting installation.

Notifications and warning texts are for your safety and to minimise the risk of something breaking during installation.

Ensure that all tools stated in the instructions are available before starting installation.

Certain steps in the instructions are only presented in the form of images. Explanatory text is also given for more complicated steps.

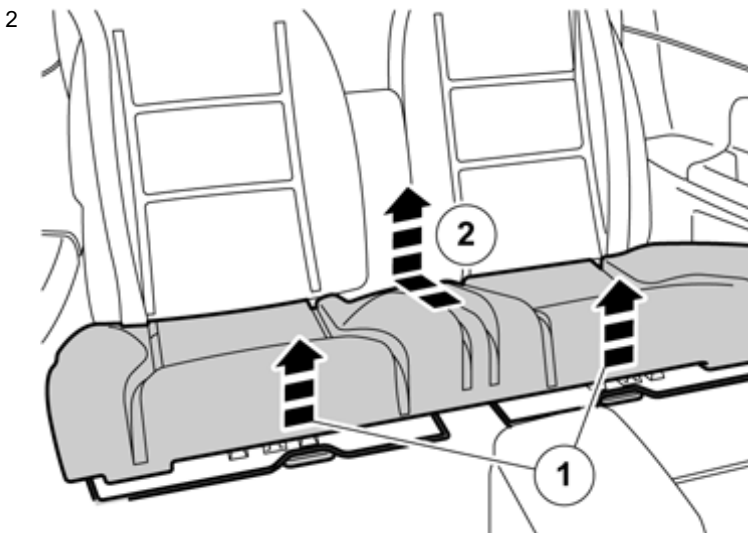

In the event of any problems with the instructions or the accessory, contact your local Volvo dealer.

IMG-252803

Remove the panel between the backrests in the rear seat by inserting your hands between the padding and brackets, pressing the four catches and then pulling out the panel.

Place the panel to one side, it shall not be used again.

IMG-250925

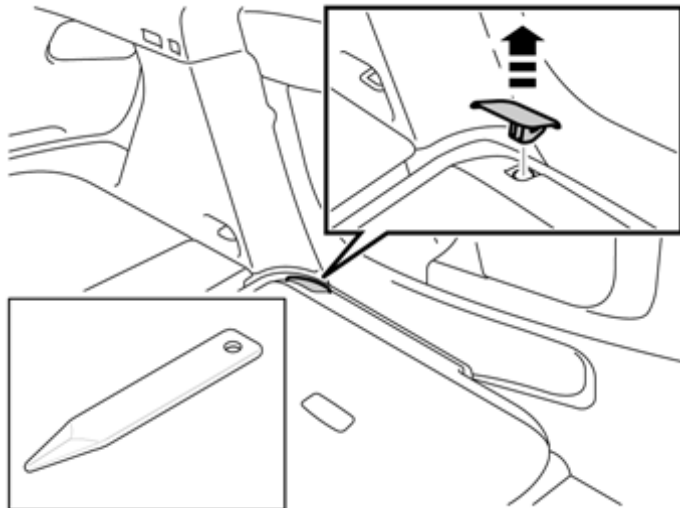

Pull off the seat cushion, first at the rear edge where it is secured by one holder. Then at the front edge where it is secured by two holders.

Remove the seat cushion.

7

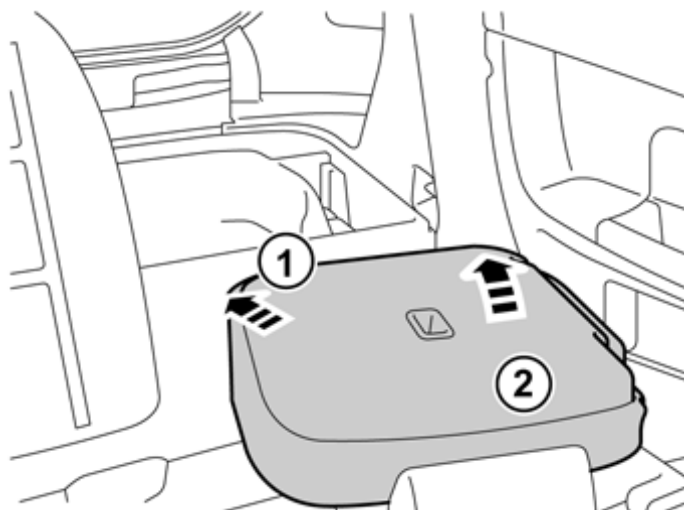

IMG-252805

Install the new bearing on the backrest's shaft journal. Ensure that the control arm's lug (1) locates in the underneath of the shaft journal's hook (2).

Press the control arm on the shaft journal until the hooks engage.

8

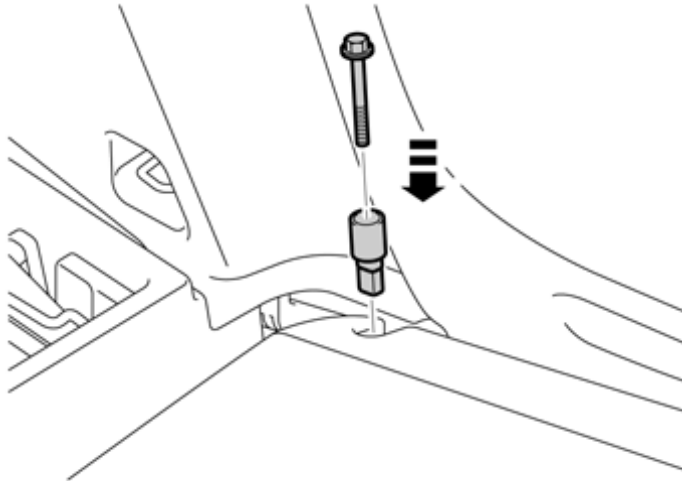

IMG-241371

Reinstall the backrest. Check that it is securely in its mountings.

11

IMG-241376

Repeat points 3-11 for the other backrest.

12

IMG-246644

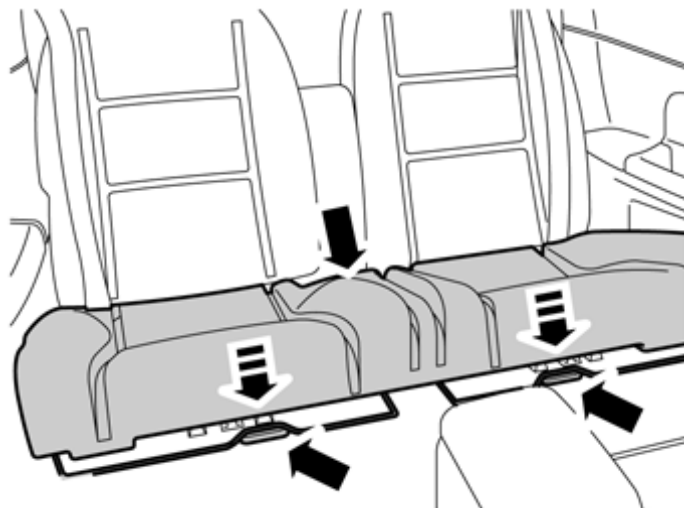

Install the central armrest by grasping each end, moving it up towards the backrest lugs (1) and aligning the holders (2) in the backrest's sides in the central armrest's cut-out (3).

Then press the central armrest down at the rear edge so that the lugs (1) engage in the cut-out (4). A click should be heard when the central armrest is secured.
