## INTRODUCTION

Read through all of the instructions before starting installation.

Notifications and warning texts are for your safety and to minimise the risk of something breaking during installation.

Ensure that all tools stated in the instructions are available before starting installation.

Certain steps in the instructions are only presented in the form of images. Explanatory text is also given for more complicated steps.

In the event of any problems with the instructions or the accessory, contact your local Volvo dealer.

## Hint

Get help from a colleague when doing this work.

Fold out the bumper casing's ends on both sides, they are installed with two clips to the front fender and three under the headlight.

If the vehicle is equipped with fog lights or parking assistance, loosen the connectors for these.
