INTRODUCTION

Read through all of the instructions before starting installation.

Notifications and warning texts are for your safety and to minimise the risk of something breaking during installation.

Ensure that all tools stated in the instructions are available before starting installation.

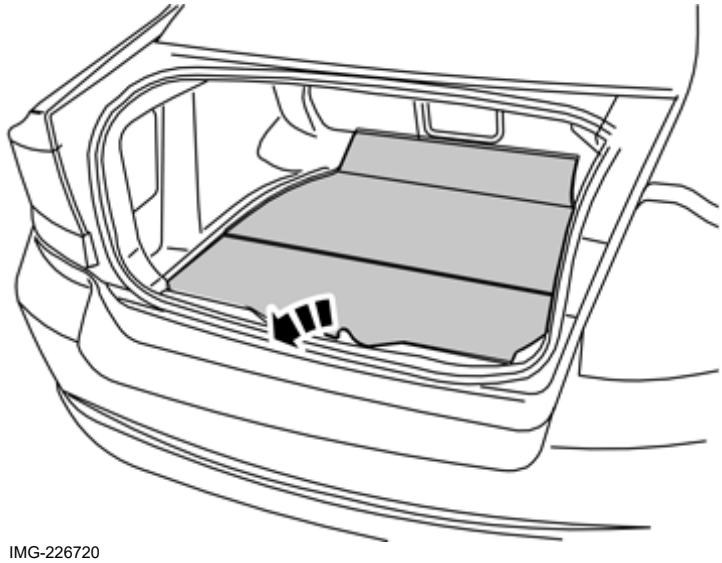

Certain steps in the instructions are only presented in the form of images. Explanatory text is also given for more complicated steps.

In the event of any problems with the instructions or the accessory, contact your local Volvo dealer.

Note!

This accessory requires software unique to the car.

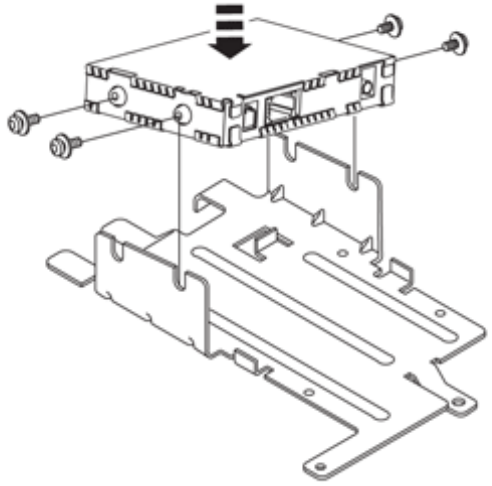

1

IMG-226720

Lift out the cargo compartment carpet.

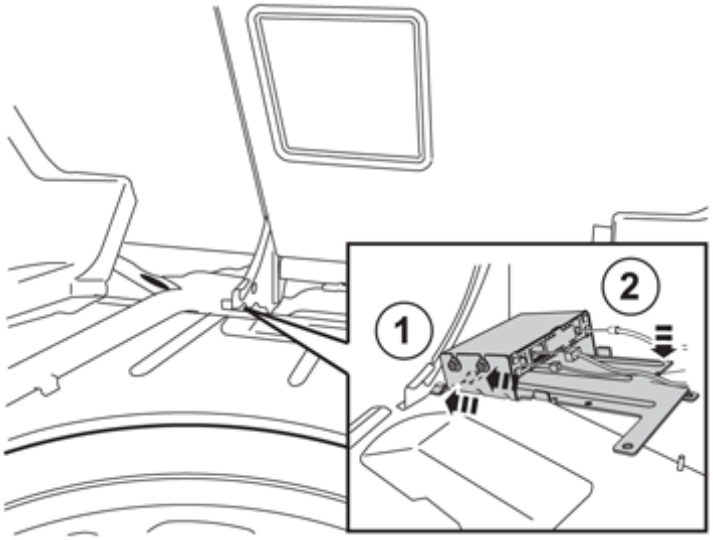

2

IMG-238560

Install the Sirius unit on the bracket with four screws and washers from the kit.

3

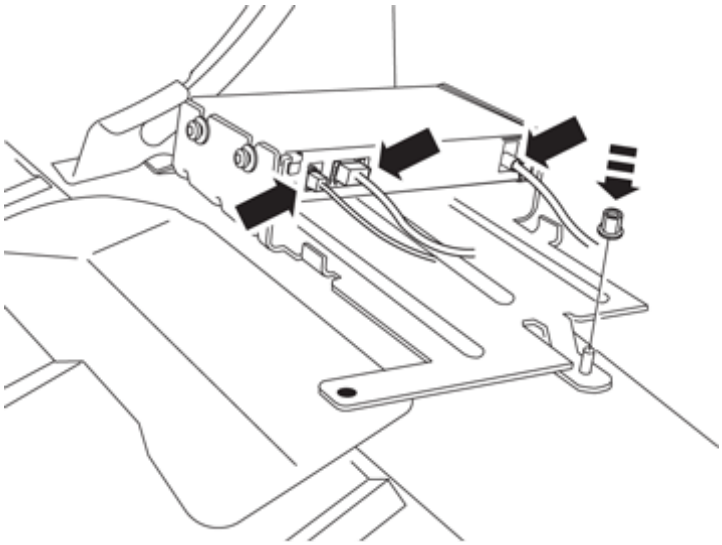

IMG-238580

Insert the two legs of the bracket in the corresponding recesses in the backrest bracket and lower it over the retaining pin in the floor.

© Volvo Car Corporation

4

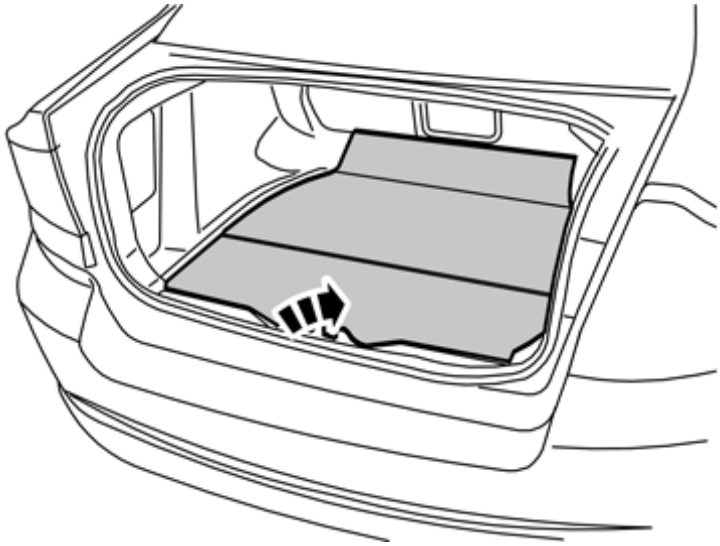

IMG-238581

Secure the bracket using a plastic nut from the kit.

Plug the connectors of the pre-routed cables into the Sirius unit. The pre-routed cables are located near the bracket.

5

IMG-226908

Reinstall the cargo compartment carpet.

6

Programme the software in accordance with the service information in VIDA.
