Installation instructions, accessories

Volvo Car Corporation Gothenburg, Sweden

	Information
1	Read through all of the instructions before starting installation. Notifications and warning texts are for your safety and to minimise the risk of something breaking during installation. Ensure that all tools stated in the instructions are available before starting installation. Certain steps in the instructions are only presented in the form of images. Explanatory text is also given for more complicated steps. In the event of any problems with the instructions or the accessory, contact your local Volvo dealer.
	Further information
2	When installing, the car must retain a temperature of 20 degrees C.
3	There may be parts in the accessories kit that are not needed for this installation.
	Vehicles with integrated Exhaust End Pipes
